Sunday May 27, 2018

We will be starting promptly **Sunday, May 27 at 9:30 am**. Dance numbers have been scheduled in blocks or sessions of time to help speed up the photo taking process.

If you are in the **9:30-10:30 am blocks**, we kindly ask all dancers to be dressed and ready at the studio at least **30 minutes** before their block of time. If your number is scheduled after **10:30 am** and before **12:00**, please plan to arrive **45-60 minutes** early for your photos, as pictures usually run quite early in the past.

If you are in the **1:00 pm block** we kindly ask all dancers to be dressed and ready at the studio at least **30 minutes** before their block of time. If your number is scheduled after **1:00 pm**, please plan to arrive **45-60 minutes** early for your photos.

Please note that we will also not necessarily be going in the order that numbers are listed in each block or session. If a dancer is not at the studio for their number during their scheduled block of time, unfortunately we will not be able to hold the photograph. We will take the group photograph as scheduled. If possible, we will squeeze any late comers for an individual pose only when they arrive.
